7.	The Arado installation (3582) in Wittenberg was occupied by approximately 600 soldiers wearing red-bordered black epaulets including some with tenk insignia. An additional shed with approximately 20 bays had been completed. The installation thus includes 3 sheds with a total of approximately 60 bays. Motor vehicles were seen in the installation.4	25X1
8.	Camp Apollonsdorf (3591) in Wittenberg was occupied by approximately 1,200 soldiers wearing blue-bordered black and black epaulets. The soldiers apparently prepared for departure. About 40 trucks loaded with pontoons with barrels were seen in the installation.	25X1 25X1
	Another 5° to 6° trucks, 2 tank trucks, about 5 ven-like trucks, 1 crane truck and 1 motorboat were stored in the center of the installation.	25X1
9.	At noon on 24 January, guides were seen on the road to Coswig. At about 1600, they were still there. Three trucks and 1 truck towing a motorboat left the camp toward Coswig, west of Wittenberg.5	25X1 25X1
10.	Although no activity was observed in the Flak Kaserne (3583) in Wittenberg on 24 January the installation was apparently occupied to capacity. Small bus and van-like truck were seen.	25X1 25X1
]11.	Between 16 and 22 January, the Lutz Kaserne was occupied as previously by approximately 1.600 soldiers including 1,200 soldiers wearing redbordered black epaulets including some with motor transport insignia, a roximately 300 soldiers wearing black-bordered red epaulets and approximately 100 soldiers with black service color. About 500 soldiers wearing red-bordered black epaulets were seen at field training during the period under review. On 17 January, soldiers wearing gas masks marched out.	25X1
12.	No changes were observed in the motor vehicle equipment.	25X1 25X1
13.	Between 16 and 28 January, the Neue Kaserne (3643) in Wuensdorf was occupied by approximately 1,600 soldiers wearing red-bordered black epau'ets with tank arti'lery and, a few, motor transport insignia and black epaulets with signal insignia. On 21 January, 2 AT guns, presumably of 57-mm, practiced firing. Twelve tank trucks with trailers were seen in the fuel devot. Eighteen canvas-covered tanks were seen in the sheds.	25 X 1
14	On 23 January, the AAA emplacements on the VEAB and west of Stammlager Zossen were vacant.9	20,(1
